CarFacts Buyer's Guide

The CarFacts Buyer's Guide aims to help you understand the details of your CarFacts Report and identify the key things to look out for when buying a used car. This way, you can ensure that you have all the information you need to make a safe and informed purchase.

Here are some of the terms you may find in your CarFacts Report and what they mean for you as a buyer:

Security interests reported:

A security interest reported on a vehicle is perfectly normal. If you are buying from a private seller, be sure to discuss with them how this interest will be removed before finalising the purchase. For your peace of mind, make sure all security interests are cleared and encumbrances removed before finalising the purchase. It is also a good idea to request proof of repayment from the seller and to be extra safe, contact the financier for verification.

Vehicle reported as 'stolen':

If your vehicle is reported as 'stolen', this can mean the car has been stolen either currently or previously in its life. For more information, contact the state or territory law enforcement listed on the PPSR certificate included in your report.

Vehicle reported as 'written off':

A vehicle that has been 'written off' has been in an accident or suffered some form of damage. In some cases, cars which have been written off are unable to be re-registered and are declared as 'statutory write-offs'. In other cases, they can be repaired and re-registered, provided they pass the necessary safety inspections – these are known as 'repairable' or 'economic' write-offs.

It is important to remember that just because a car has been written off, does not necessarily mean you should not buy it. It does mean that you should do some thorough checks to ensure that it is safe – and is owned by the person selling it. Your state or territory road authority will be able to assist with any specific questions you have about the 'write-off' information provided in your CarFacts Report.

Odometer discrepancy reported:

Powered by the trusted carsales Network and our associated partners, the CarFacts 'Odometer Check', allows you to find any inconsistent odometer records for the vehicle. You can then determine whether the odometer may be faulty or may have been tampered with.

Report it:

If your CarFacts Report shows an odometer discrepancy, always contact us and ask for advice. If you suspect that odometer tampering has occurred or notice any suspicious behaviour, report it to your State's consumer protection agency.

Odometer tampering is a serious crime and those found guilty face large fines and/or imprisonment. The offence of misrepresenting the accuracy of an odometer reading also carries significant fines.

CarFacts Buyer's Checklist

To keep you safe when buying a second hand vehicle, we recommend following our buyer's checklist which will ensure you have covered all the important steps:

- ☒ Enlist a mechanic to carry out an independent inspection
- ☒ Check the vehicle's log book for its history of odometer readings and when it was bought, sold and serviced
- ☒ Inspect the overall condition of the vehicle – look out for any signs of wear and tear on the seatbelts, carpets and/or the steering wheel. If there are signs of heavy use on a low-mileage vehicle, it may be an indication of odometer tampering so do not be afraid to investigate further
- ☒ Check the build year to ensure the vehicle is being advertised correctly. The build year can be found on the build plaque in the engine bay

Tasmanian stolen vehicle information is currently unavailable from this service. For information about the status of Tasmanian vehicles, go to:

<https://www.transport.tas.gov.au/MRSWebInterface/public/regolookup/registrationLookup.jsf> (Note: you will need to provide the vehicle registration plate number to search this site).

A stolen vehicle notification, or the absence of one, does not necessarily mean a vehicle is or is not stolen.

If there is a stolen vehicle notification you wish to enquire about, you should contact the police force in the State or Territory indicated immediately after the date in the notification. The reference number at the end of the notification should be quoted as a part of your enquiry.

Please note that there may be multiple stolen notifications shown. A stolen notification can be for a VIN, Plate, Chassis and/or Engine.

Vehicle information is requested from Austroads NEVDIS database for each transaction involving a vehicle VIN or Chassis Number on the PPSR. The data is not part of interests registered on the PPSR and it is presented without any guarantee regarding its accuracy.

The NEVDIS data is intended to assist users with checking that the VIN or Chassis Number they entered, along with information they have about the vehicle from other sources, is accurate and to provide users with any data held on NEVDIS about a vehicle's stolen or written off status.

State and territory road agencies are the source of NEVDIS data and the primary point of contact for enquiries, errors and corrections.

Access to and use of data provided through the PPSR is subject to the PPSR General Conditions of Use and applicable third party data conditions (which can be obtained at www.ppsr.gov.au). To the extent permitted by law, all data provided through the PPSR is made available without any representation or warranty of any kind (without limitation in respect to accuracy) and the Commonwealth, and our third party data providers (which includes any person mentioned in the Third Party Data Conditions as providing information through the PPSR), have no liability to you in respect of any loss or damage that you might suffer no matter how arising (including negligence) that is directly or indirectly related to the NEVDIS Data.

How to verify this certificate on the PPSR

You can use the search number from an original search (as shown on this certificate) to retrieve the original search results and to issue a copy of the search certificate at <https://transact.ppsr.gov.au/pps/Home>.

There is no fee, however this process will not provide any update to the information in the original search.

Privacy and Terms and Conditions

The Australian Financial Security Authority is subject to the *Privacy Act 1988* which requires that we comply with the Australian Privacy Principles (APPs) set out in the Act. The APPs set out how Australian Government agencies should collect, use, store and disclose personal information and how individuals can access records containing their personal information.

Access to and use of the PPSR is subject to the General Conditions of Use, as well as other relevant terms and conditions. All relevant terms and conditions can be found at www.ppsr.gov.au.
